SUMMARY

As a software developer with several years of experience, my objective is to utilize my technical skills and expertise to develop innovative solutions to complex problems. My focus is on delivering high-quality software that meets the needs of clients and users. With a passion for coding and a dedication to staying upto-date with the latest trends and technologies, I am confident in my ability to make a valuable contribution to any organization.

EXPERIENCE

tutor-mathematics

Newlight academy

September 2022 - November 2022, KE, Nairobi

- Organised a studying regime for the students that skyrocketed their grades by 30% over the period of 3 months.
- Tutored students in mathematics to improve grades and develop problem-solving skills by delivering step-by-step solutions with concrete examples. Reduced the time required to complete assigned maths projects by 40%.
